WHAT CLIENTS ARE SAYING

THE MOST BEAUTIFUL HOME

We started our journey with Arista Homes back in 2021, being first home buyers and not having any idea where to start, we gained so much knowledge through our journey and were left feeling so secure with our build. We were able to make changes to our floor plan and really make it ours, the colour selection process was so much fun with a wide variety of choices, we moved into our home in December of 2022, our build took 6 months with no issues with supplies or shortages, our home is everything we dreamed of and more. We are so happy! Thank you so much to the Arista team!

— Alisha

GREAT COMMUNICATION, SMOOTH PROCESS!

Our house was built in a much faster time frame than we were originally told. The team at Arista have been great throughout, customer service and email response times are excellent and all the information is available should you ask them. Great house builders, thanks a lot!

— Michael

SEAMLESS BUILD WITH ARISTA HOMES

As first home builders, we were quite unsure of the process, however Arista Homes were extremely helpful and guided us through each step. Our home was built in 7 months, before the expected time, which was great as we were in before Christmas. The customer service was good and all staff were always happy to help. I highly recommend!

— Kylie

HAPPY NEW ARISTA HOME OWNERS

Our new home built by Arista Homes is absolutely perfect. We found ourselves building for the first time after retiring and we were very unsure of how the whole process worked. At our first meeting with Arista Homes, they assured us that they would be with us every step of the way from start to finish. They could not have been more helpful in finding the right plan to suit us, with a couple of tweaks to fit in my very much wanted Butlers Pantry. They started our build in the last week of April 2022 and we were handed the keys on the 16th November. The workmanship and quality of the finishes is amazing, you really do get value for your money!! Our build came in on budget with no surprises at the end. We can highly recommend Arista Homes to build you a perfect home for you and your family.

— Gary

AMAZING STRESS FREE BUILDING EXPERIENCE

We couldn't be more happy with our building process using Arista Homes, from the very start their service was impeccable. Our slab was laid 13th June 22 and we moved in 11 November. That's an unheard of 4 1/2 month build with no sacrifice to the quality of the finishes to our home. Our building supervisor was the best of the best and defiantly has a passion for attention to detail and customer service. Any minor imperfections to the plan were fixed promptly and everything fell into place perfectly. The whole Team at Arista Homes worked together to provide a fantastic service and we cant recommend them enough!

— Kirsty
